Pickens County Stands High

According to figures just made public, Pickens county stands thirtieth among the counties of the entire United States in number of cotton, mill spindles. Only five South Carolina counties have more spindles than this county. The leading counties in this state are Spartanburg, 805,123; Greenville, 715,670; Anderson, 656,648; Union, 293,468; Richland, 244,812; Pickens, 205,588; Greenwood, 104,768; Aiken, 187,548. Spartanburg has a larger number of spindles than any other Southern county and stands fifth in the United States. This is a fine showing for Pickens county. In all progressive lines this county is forging to the front.

With the great increase in mailings of all classes it would be well for all the people to exercise greater care with the packages and letters, but especially with packages. Wrap the package securely, or if it is a box see that it is a good one, not easily broken, as nearly all the mail that is damaged is caused by being improperly prepared.

Then as to lost mail; at least 97 per cent is lost by not being properly addressed. Address your mail with care, using pen and ink, as pencil will sometimes get rubbed off. Write in a plain, legible hand. Write the address in the lower right hand of your parcel, putting your name and address at the upper left part of the package, as the law requires that your name and address appear on all packages you mail.

Don't close your package so that it cannot be opened easily. Don't inclose writing in your package that makes it first-class at a higher rate. Many presents are not appreciated because the recipient has had to pay more due postage than the package was worth.

Lumbago-Sciatica Sprains

"The directions says. Its good for lumbago too.—Sloan. cured my rheumatism; I've used it and I know." Do you use Sloan's?

Here's Proof.

"I had my back hurt in the Boer War and two years ago I was hit by a street car. I tried all kinds of dopes without success. I saw your Liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well.—Fischer Vornon, Whittier, Calif.

Instant Relief from Sciatica

"I was kept in bed with sciatica since the first of February, but I had almost instant relief when I tried your Liniment."—W. H. Hawkins, Frankfort, Ky.

Sprained Ankle

"As a user of your Liniment for the last 15 years, I can say it is one of the best on the market. Fifteen years ago I sprained my ankle and had to use crutches, and the doctors said I would always be lame. A friend advised me to try your Liniment and after using it night and morning for three months I could walk without a cane and run as good as any of the other fellows in my department. I have never been without a bottle since that time."—Mr. William H. Briscoe, Central Islip, N. Y.
